

Extravaganza Fotoshooting by Elli Fatale & Prinzipal Kreuzberg

Burlesque stands for charm, glamour and sensuality. Burlesque shows something obvious whose mystery is never fully revealed. Burlesque has something stimulating that awakens the crazy fantasies of the beholder.

What started as a sophisticated striptease, today is an expression for the unique time the 20ies were – a guarantee for fantastic outfits and high-quality ambience. The word burlesque describes the art of the perfect flirt and the skillful seduction with erotic mysticism and uncertainty.

Enter the world of erotic tingling, of extravagant dresses and pompous decoration. Be the center of attention by having your personal burlesque photo shooting and let you transform through the most incredible stylings with handmade costumes, shimmering glitter make up, hairstyling or opulent hair accessories by Elli Fatale into an icon of the golden twenties. Together with the Russian photographer A.K. Elli Fatale will enchant you and capture that once-in-a-lifetime moment.

The shooting will take place at Prinzipal Kreuzberg, a bar in Berlin which is totally dedicated to this world and lifestyle. Gold, glamour and glitter are here everyday life and indispensable. And what is a bar without drinks – beside your styling you will get a liquid pampering program with champagne.

And if the gentlemen think now that a corsage may not fit them, we know what to do. Where

beautiful, lightly dressed women are, there is also always a bodyguard with galoshes or an admirer with a cigar or hat.

Everything is possible – why not, feel free to ask. We talk about visual sin and seduction!
